Frank Drago Reserve – Have Your Say!

Due by Friday May 8th

Frank Drago Reserve is a much loved recreation area in the heart of Bayswater, bordered by Murray St, Garratt Rd and Whatley Crescent. Currently this area is utilised by several clubs including the tennis, soccer and bowls club plus many other organisations are able to take advantage of the club facilities (eg the Girl Guides use the hall above the tennis club).

The City of Bayswater has produced a masterplan for the future use of Frank Drago Reserve which involves some major changes to the current layout. The City of Bayswater is now seeking feedback from the community for comments with regards to the proposed plans.

Considerations may include;

- Are the new facilities adequate and replace equally what is currently available?
- Is the new development ‘fair’ to existing clubs and stakeholders?
- Will an increase in usage increase noise/traffic?
- Will the greater community still have general access to reserve?

The master plans and feedback form can be found at;

You can send your comments and feedback to;

[mail@bayswater.wa.gov.au](mailto:mail@bayswater.wa.gov.au)

**All submission must be received by Friday May 8th, 4.30pm.**

The redevelopment of Frank Drago Reserve will affect not only the current residents of Bayswater but also those of decades to come. Now is the time to have your say!
