### Thoughts on the Gospel :

One of the many reasons that you and I need to celebrate the Eucharist faithfully is so that more and more we will allow this story – the story of God's faithful, saving love in Christ – to become the guiding narrative of our lives. If we truly enter into the mystery of the Eucharist, the truth of Jesus Christ begins to shape our vision of ourselves, of others, of what is really significant in life. This story reminds us again and again how important -- how treasured -- each one of us is in the eyes of Christ. Through our communion with Christ in this sacrament, we deepen our friendship with him and allow him to shape the ways we see, decide, and act.

In and through the Eucharist, we experience communion with Christ and communion with one another. There is a oneness with Christ in receiving him that is unique in our human experience.

At the end of every celebration of the Eucharist, the priest or deacon says, "The Mass is ended. Go in peace to love and serve the Lord." The Eucharist never simply ends, as a play, movie or baseball game ends. No, we are sent forth, sent forth with a mission. In every celebration of the Eucharist, you and I are commissioned to go forth and to proclaim the story of Jesus Christ with our lips and our lives. As we have been blessed with the real presence of Christ in the sacrament, so we are sent forth to make Christ's presence real to others. As Christ the Bread of Life has given us himself to be food for the journey of our lives, so we are sent forth to feed the hungry people we meet. As we have experienced communion in this celebration, we are sent forth to work to strengthen the bonds of communion between the people with whom we live and work. As a eucharistic people, we Catholic Christians are a people with a mission.

### Personal Advocacy Service

Enabling people with intellectual disabilities to lead full and valued lives. Volunteers needed!

Personal Advocacy is an agency of the Catholic Archdiocese of Perth.

It is a unique ministry reaching out to people with intellectual disabilities. A volunteer needs no prior experience to minister to people with intellectual disabilities just an openness to experience a different approach to faith development. Training in this approach is given. The program provides the opportunity for people with intellectual disability to develop a close one to one relationship with another. Through that relationship, the faith and spirituality of a person with intellectual disability is developed. Our friends with disabilities help us to slow down and view life from a different perspective. People come from surrounding parishes to form a small faith group and meets in Morley.
