YES (Youth Engaging Successfully) Group is a social group for adolescents with High Functioning Autism Spectrum Disorder (ASD) aged between 13-18 years. YES Group provides participants with opportunities to engage in social and recreational activities that allow them to pursue common interests with other like-minded teenagers.

A major focus of this group is on participants spending their weekly catch ups engaging in shared interactions and activities that are friendly, fun, relaxed and inclusive. YES Group is conducted in a supportive, non-judgemental environment where all members are treated with respect and are supported to develop social skills, confidence and enjoyment in the company of their peers.
